## ABOUT

Welcome to the Manotel Lifestyle. In the following pages, you will discover the exclusive Manotel hotels. Six hotels, six atmospheres, six ways of making your stay in Geneva absolutely unique. In this issue of Manotel Lifestyle, we will be showcasing our newest addition to the family, the N'vY Hotel. Arty, cosy, trendy, N'vY offers a unique experience in the very heart of the city.

Immerse yourself in an ultra-modern, urban atmosphere where art blends in with technology, where street-art graces your headboard, where you can relax in your bath without missing the latest news!

The Manotel Hotel Group is also about great food and bars. For example, the Duo Côté Resto at the Royal hotel, which was awarded 14/20 Gault and Millau points this year. Join our chef Armel Bedouet for a gourmet tour of the kitchen.

Last but not least, this issue is also a great opportunity to tell you the tale of two Feng Shui Masters from China who came to Geneva to redecorate the Jade hotel according to the principles of this ancient Chinese science.

We wish you a wonderful stay with us.

## DIESEL & MANOTEL

You'll notice it as soon as you walk in: all of N'vY hotel's staff stand out for their extraordinary sense of style. Why? Because they are all dressed by Diesel. The fashion brand is a partner of the N'vY hotel.

# UNCOMPROMISING STYLE

At the N'vY hotel, you're arty even in your sleep. That's because you'll see work from graffiti artist Meres One above every headboard.

## IT'S ALL IN THE DETAILS

Our executive rooms are all equipped with open-façade bathrooms. Comfortably seated in your bath, enjoy a relaxing moment while watching a film or listening to your music.

**Bold designs, trendy objects and mirrors, a blend of soft and bright colours, all the suites and rooms at the N'vY have their own unique style. Throughout you'll find state-of-the-art technology, with Wi-Fi access, Bluetooth connection, flat screen televisions and adjustable lighting inspired by chromotherapy.**

**Right in the centre of the hotel, the N'vY bar is the place to relax. With its wide-open spaces, its colourful ottomans and modern art, the decor at N'vY bar is reminiscent of U.S. West Coast homes. Have a seat and try one of our signature cocktails or tasty burgers...**

# N'vY BAR COCKTAILS & MORE

The kitchen offers fusion food menu around the clock, to enjoy to the tunes of the resident DJ.

Unique, surprising cocktails are the specialty of our bartenders-mixologists. Even the size of the ice-cubes is meticulously adapted to each drink!

A bold mixture of patterns and textures, the bar's striking style owes nothing to chance.

**Are you mobile?**  
At Tag's Café, you can stay connected even as you eat on the run. Check your messages thanks to the touch-screen tables and iPads® available on request.

# THE TAG'S CAFÉ

**Entirely decorated by graffiti artist Meres One, Tag's Café prides itself on being unconventional and relaxed. Enjoy a snack, salad, green tea or coffee any time.**

# MERES ONE & N'vY

Meres One from NYC

**Meres One, also known as Jonathan Cohen, is one of the foremost figures of New York's new art scene. His ambition? To make street art a full-fledged art form. And so he founded 5Pointz Aerosol Art Center, an open air centre dedicated to graffiti art in one of Long Island City's old industrial facilities. Meres One's art is also exhibited in galleries, on album covers, in magazines, in music videos and movies.**

**It's therefore no surprise that Meres One embraced the N'vY hotel's project. And for the first time, a four star hotel is decorated with graffiti.**

**Meres One created the headboards in the rooms and the design of Tag's Café, whereas his New-York associate Zimad is the artist behind two black and white abstract paintings.**

## TRINY PRADA ARTIST IN RESIDENCE

**The Franco-Columbian artist Triny Prada, who was recently selected for the Venice Biennale, was the victim of an accident that almost killed her. After many months of recovery, she reconnected with her art, drawing inspiration from her experience of the fine line between life and death. Everything begins with a sketch. Then on canvas the line is used to compose portraits with almost surgical precision – most often portraits of composers that inspire her: Bach, Stravinsky, Glass, Lennon... Then comes the performance: the pigments that Triny crushes in oil for a long time and the movement that follows. From the small tarlatan canvas to the large formats, the movements are sharp, quick, the projections of colour and signs are more and more dramatic. Triny Prada's art blends the precision of classical figure drawing and the sense of urgency of graffiti. She bids us welcome into a place where light comes to life. Each one of her works projects energy and overwhelming strength. For Triny Prada, life is art and art is life.**

ADMIRE TRINY PRADA'S WORKS THROUGHOUT THE N'VY HOTEL

**Trendy and stylish,  
on a slightly elevated  
mezzanine, the Trilby  
is the perfect place for  
an exceptional dinner.**

# TRILBY BEST BEEF IN TOWN

**Dine with the stars!**  
Photos of actors and stylish decor add a touch of glamour to each of your meals at the Trilby.

The menu offers gourmet cuisine, featuring the world's most celebrated types of beef – Simmental, Black Angus, and Kobe-style «Wagyu».

## THE WAGYU BEEF

Kobe-style “Wagyu” beef is an exceptional meat: its unique marbling gives it its tender “melt-in-your-mouth” texture, which you’ll enjoy along with its superb buttery flavour.

“Simmental” beef comes primarily from animals of about 10 to 20 months of age. Raised exclusively on natural feed, their meat is a light pink colour, aromatic and marbled.

Bred on the Great Plains, “Black Angus” cattle are, as of around age 15 months, fed a special mixture of grain for 100 days, guaranteeing consistent quality and giving the meat its incomparable taste.
